

DATAGLOBE®

POWER PROTECTION

Dataglobe guarantees the reliability of your systems 7x24

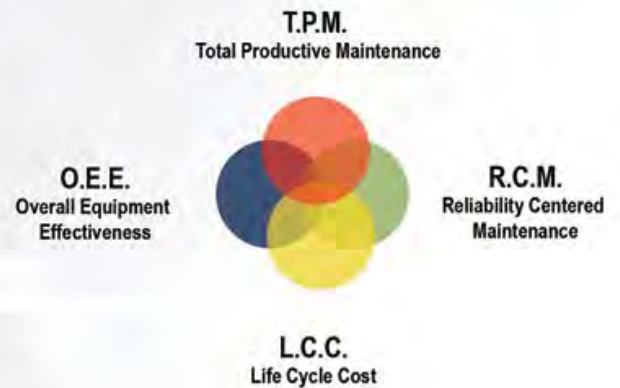

Since 1994, Dataglobe is the leader in the supply of equipment and maintenance services for all types of critical AC and DC systems. 'We are your partner when 7x24 security cannot be compromised' for: UPS, batteries, chargers, air conditioning units, power conditioners, drives, generators and transfer switches.

Dataglobe's technical and engineering services rest on the highest maintenance standards of I.E.E.E. (Institute of Electronics and Electrical Engineers); and when it comes to supplying equipment, we offer proven brands that have earned international recognition: **An interruption is not an option!**

Our performance in Mean Time To Repair is your first class choice! Dataglobe has a wide inventory of spare parts and reliable O.E.M. suppliers.

'To guarantee the reliability of our customers operation' remains our fundamental mission. Dataglobe offers elite technical service support, a wide inventory of parts and proven equipment.

Our Rigorous Standards

Equipment: New or Reconditioned

- UPS static/rotary
- UPS emergency lighting CSA 141
- Sealed or wet cell batteries
- Chargers, DC rectifiers
- Conditioners/Regulators
- Variable speed drives
- Generators
- Transfer switches
- Air Conditioning: water, air, glycol

Dataglobe offers exchange and buy-back equipment programs
All our equipment is also available for rent

The 'Green Turn' an Ecological and Responsible choice

Dataglobe recycles batteries, equipment, parts and components

An interruption is not an option!

Our contracts save time and money as well as the inconvenience to search for different suppliers

Technical Services: 7x24 Security

- Call management center
- 24HR Emergency services
- Proactive and predictive maintenance
- Preventive and corrective maintenance
- Thermal scan analysis
- CSA Z462 single line and operation procedures
- CSA Z463 maintenance of electrical systems

Risk Management and Planning Reports

- Monthly/Quarterly minor inspection reports
- Semi-annual/Annual major inspection reports
- M.T.B.F.= Management that increases uptime
- M.T.T.R.= Management that decreases downtime
- 5yr and 10yr preventive plans

Uninterruptible Power Systems (U.P.S.)

APC, Best, Chloride, Controlled Power, Emerson, Eaton, GE, Hitec, Liebert, MGE, Mitsubishi, Piller, Powerware, Saftnife, Siemens, Staco, Toshiba, Tripp-Lite

Dry or wet cell batteries

BAE, C&D, Enersys, Exide, East Penn, Fiam, GNB, Oerlikon, Yuasa

Chargers/DC rectifiers

AEG, C-Can, Emerson, Primax, Staticon, Statron

Air conditioning

APC, Canatal, Data-Aire, Liebert, Stulz

Regulators and Power Conditioners

Controlled Power, Eaton Mirus, PDI, Sola

Variable speed drives

ABB, Allen Bradley, Cutler-Hammer, GE, Omron, Siemens

Generators

Hewitt, Onan, Carterpillar, Drummond, Kholer, Mitsubishi, Simpover

Transfer switches

ASCO, Cyberex, GE, MGE, PDI

Military

Banking

T.I.C.

Cellular

Airport

Medical

Dataglobe is the right choice to maintain the reliability of your equipment with first class maintenance 24 hours a day.
